CHALLENGE

Align offices with unified messaging to Increase Brand Awareness

SOLUTION

Hired Inbound 281 to develop social media strategy

ROAD MAP TO OBJECTIVES

- Align loan officers' social media accounts
- Inbound 281 creates weekly social posts
- Publish the posts using automation

Background

Mortgage 1 is a leading mortgage lender that has helped more than 90,000 families realize their dreams of home ownership. The company has more than 200 loan officers operating in eight states. Mortgage 1 specializes in helping first-time home buyers. The company has processed more than \$12 billion in home loans.

Challenge

According to Mortgage 1 CEO Mark Workens, the company lacked a cohesive social media strategy. Not all loan officers were using social media and those who were had inconsistent messaging. The company needed a unified approach.

Solution

Inbound 281 connected Mortgage 1 branches to their proprietary tools used to manage bulk social media messages to upload and schedule posts on a weekly basis. 104 loan officers participate in the program. Over a two year span, nearly 25,000 posts have been published, generating more than a million impressions and over 5,000 clicks. Website traffic from social media has grown by 1,657%.
